

EMBASSY OF NEPAL
TOKYO, JAPAN

June 26, 2007

To whom it may concern

This is to state that Nepalese Association, Japan, a long-standing organisation of Nepalese nationals living in Japan, whose primary objective is to protect and promote the Nepalese interests in Japan and to contribute and strive to re-inforcing Nepal- Japan relations is scheduled to organise a two day "Nepal-Day Festival" on Sept 8-9, 2007 coinciding with the closure of the Golden Jubilee Anniversary of Nepal-Japan diplomatic relations.

The aforesaid September event, symptomatic of close co-operation and exemplary warming of Nepal-Japan relations would go a long way in further building bridges of amity and co-operation between our two nations and is reflective of its work in harmony with a host of agencies, companies, communities and interest groups including Japanese to promote and project the interests of Nepal here in Japan by bringing together under "one umbrella"—different facets of Nepalese lifestyles, art, culture, tourism, trade, entertainment to name only a few.

It is with these considerations and in a spirit of excellent Nepal-Japan relations and upon the request of the Nepalese Association, Japan it is requested of all the concerned in Japan to kindly do the needful and extend all sorts of necessary co-operation to the afore-mentioned Nepalese organization, consistent with the rules of law, in whatever way deemed appropriate so as to enable the Nepalese Association, Japan to proceed ahead smoothly in its noble objective of promoting Nepal-Japan co-operation by hosting a spectacular two-day September event.

So much of thanks indeed!

Sincerely,

K.B. Pandit

(For Minister-counsellor)
